

AJITH M

Software Engineer (Mobile – FinTech) | Flutter

+91 8129953094 | mannarakkalajith@gmail.com | linkedin.com/in/ajith-m-051159227

PROFESSIONAL SUMMARY

Software Engineer (Mobile – FinTech) with 4 years of experience building scalable, production-grade Flutter applications for Android and iOS. Strong expertise in clean architecture, secure payment workflows, performance optimization, and end-to-end feature ownership.

CORE TECHNICAL SKILLS

- Flutter, Dart | Android & iOS
- Clean & Modular Architecture
- State Management: Riverpod, GetX
- REST APIs, JSON, secure API integration
- Payments: Virtual Cards, ACH, Wire Transfers, Payroll
- Firebase (Auth, Firestore, Crashlytics)
- Google Maps & location-based services
- Hive, Dio, WebSockets
- Unit testing & production debugging
- Git, Postman, Agile/Scrum

PROFESSIONAL EXPERIENCE

Software Engineer (Mobile – FinTech) — ZilMoney | Apr 2024 – Present

Products: Online Check Writer, Zil.US, Zil Money, Zil Foundation, Document Mail, Check Mail, GetPaid Link, International Payment, Virtual Cards, Payroll by CC

App Links: Play Store Link | App Store Link

- Built and maintained scalable Flutter modules across multiple FinTech products including payments, virtual cards, payroll, and international transfers.
- Integrated secure REST APIs and payment gateway workflows supporting checks, cards, links, and payroll systems.
- Improved app startup and runtime performance (~30%) through optimized state management and modular design.
- Owned features from design to production release with high stability, security, and compliance.
- Supported high-reliability financial workflows used by business customers.

Software Engineer — Hexeam Software Solutions | Oct 2022 – Mar 2024

Products: FMart Grocer, ZQ Plus, ZQ Partner, ZQ Team

- Developed end-to-end Flutter applications with real-time data and location services.
- Integrated REST APIs, Firebase, and Google Maps.
- Improved performance and maintainability using clean architecture.
- Delivered and supported multiple production Android & iOS applications.

Software Engineer Trainee — Ecobiz Technologies, Kondotty | Nov 2021 – Oct 2022

- Learned Flutter fundamentals and mobile application development best practices.
- Supported senior developers on real-time Flutter projects and feature implementation.
- Assisted in UI development, bug fixing, and testing for Android applications.
- Gained hands-on experience with Dart, REST APIs, and basic app architecture.

EDUCATION

BSc Computer Science — College of Applied Science, Vazhakkad (IHRD) | 2016 – 2019

CERTIFICATION

Flutter & Dart – The Complete Guide (2022 Edition) — Udemy
